

THE TRIUMPH OF LIBERTY

See, see freedom's noblest champions stand
Shout, shout join the chorus of this land
Where countless millions in union voice do sing
And with shouts for freedom make the welkin ring
To fight corruption and the hellish crew
That see blood stained trophies on the field of Peterloo

Soon shall freedom some their rights regain
Soon shall Europe join the hallowed strain
For liberty freedom equal rights and laws
Together we stand to fight for this noble cause
And call for justice for the brave and the true
Who were slain for their rights on the field of Peterloo

Britons be fair and assert your rights be bold
Die like heroes and not like slaves be sold
Stand and unite and demand our freedom to see
Let our children receive their rightful liberty
While the cowards that innocents slew
Contemplate their deeds on the field of Peterloo
